Professional Summary

AWS Cloud Engineer with hands-on experience in AWS cloud infrastructure, Linux environments, networking, security, and application deployment. Skilled in Amazon EC2, S3, IAM, VPC, RDS, CloudWatch, CloudFront, Route 53, and Git, with practical experience configuring cloud resources and deploying applications. Seeking an entry-level AWS Cloud Engineer / Cloud Support / Junior DevOps Engineer role to contribute to secure, scalable, and reliable cloud environments.

Education

St. Alphonsa College of Arts and Science

Bachelor of Science (B.Sc) in Computer Science

2023 – 2026

Nagercoil, Tamil Nadu

Experience

DevOps Intern

Azentra Global

July 2026 – Present

Nagercoil, Tamil Nadu

- Undergoing hands-on training in DevOps, Cloud Computing, Linux administration, and automation.
- Working with Git, Docker, Jenkins, Terraform, Kubernetes, and CI/CD workflows.
- Practicing Linux administration, Bash scripting, networking, version control, and application deployment.
- Building practical experience with CI/CD pipelines, Infrastructure as Code (IaC), containerization, and cloud deployment.
- Applying DevOps practices through hands-on projects, deployment exercises, and cloud infrastructure labs.

AWS Cloud Engineer Intern

AK Infopark

June 2026 – July 2026

Nagercoil, Tamil Nadu

- Supported AWS cloud infrastructure, Linux servers, and application deployment environments.
- Configured and managed AWS services including Amazon EC2, Amazon S3, IAM, and Amazon VPC.
- Worked with VPC networking, Security Groups, IAM permissions, and cloud infrastructure configuration.
- Supported application deployment and Linux server administration in AWS environments.
- Gained hands-on experience in cloud infrastructure, networking, security, and deployment practices.

Projects

Python / Flask Web Application Deployment on AWS

- Deployed a Python/Flask web application on an Ubuntu Linux server hosted on Amazon EC2.
- Configured Nginx as a reverse proxy to route HTTP requests from port 80 to the Flask application.
- Configured AWS VPC networking with public and private subnets, route tables, Internet Gateway, and NAT Gateway for secure connectivity.
- Configured Amazon Route 53 for domain resolution and AWS Certificate Manager (ACM) for HTTPS certificate management.
- Configured Amazon RDS for application database connectivity and used Git/GitHub for source control and deployment workflows.
- Configured Amazon CloudWatch monitoring and SNS notifications to track application/server metrics and alert on defined conditions.

Secure Static Website Hosting and Deployment on AWS

- Configured Amazon S3 for static website hosting and cloud-based content storage.
- Configured Amazon CloudFront for global content distribution and improved website delivery.
- Connected a custom domain to CloudFront using Amazon Route 53.
- Configured HTTPS using AWS Certificate Manager (ACM) for secure website access.
- Applied IAM permissions and S3 bucket policies for controlled access to AWS resources.

Excuse Pattern Recognition AI

- Developed an AI-powered task management and delay analysis application using Python.
- Applied Natural Language Processing (NLP) and Machine Learning techniques for pattern analysis.
- Worked on application development, data processing, and deployment workflows.
- Integrated AI-based analysis to evaluate user-submitted task-related excuses and identify patterns.

Technical Skills

Cloud & AWS: EC2, S3, IAM, VPC, RDS, CloudWatch, Lambda, CloudFront, Route 53, ACM, KMS, Auto Scaling

DevOps: Docker, Jenkins, Terraform, Kubernetes, CI/CD, Infrastructure as Code (IaC)

Networking: VPC, Subnets, Route Tables, Internet Gateway, NAT Gateway, Security Groups, HTTP/HTTPS, DNS

Operating Systems: Linux, Windows, Ubuntu
Version Control: Git, GitHub, AWS CodeCommit
Scripting & Programming: Bash Scripting, Python
Database: MySQL, PostgreSQL, Amazon RDS

Certifications

- AWS Cloud Practitioner Essentials – Amazon Web Services (AWS)
- AWS Cloud Engineer Intern Certificate – AK Infopark
- DevOps Intern Certificate – Azentra Global
